

White Mountain

Requirements:Rated— Tough (Black) Minimum 32” tires and 2 lockers required. Low ground clearance vehicles are likely to get scraped on the rocks.

Description:This trail is rated most difficult by the Forest Service. It was closed for several years due to fire damage. The trail has been refurbished by local clubs, like the Inland Empire 4 Wheelrs, and by the Forest Service. You will experience lots of the scenery and unique vistas of the San Bernardino Mountain Range and the High Desert.
